COLLEGE PROPOSED BY MARION

Mattapoisett Selectmen have received a letter from Marion Selectmen which proposed that a college be built in Marion or in one of the surrounding towns. The letter read: "Marion is most interested in locating a Community College either in its town or in one of the surrounding towns. Surveys show that our area is a "grey" area as far as educational opportunities are concerned, as we are many miles beyond what is considered reasonable commuting distance from a college offering 2 or 4 year programs in liberal arts.

"Anything that you might do to enable the community college to be located either in Marion or one of the surrounding towns, will be greatly appreciated."

The Mattapoisett Selectmen decided not to express an opinion on the proposal before sounding out the opinion of the people of the town.

A letter of appreciation was sent to Allan H. Perkins of Randall Road, Mattapoisett, for reviving 9-year old Michael Allain who was found unconscious, hanging from a rope swing. Mr. Perkins, a neighbor, was called and gave the boy mouth to mouth resuscitation which saved his life. Mr. Perkins is a member of the Mattapoisett Fire Department and has been trained in life saving techniques in which he gives instruction.

WOMAN'S CLUB MEETING

"The Trail You Leave In Ink" was the subject of a talk by Mr. Louis G. Thackeray at the meeting of the Mattapoissett Woman's Club last Thursday afternoon in the Congregational Church parish hall. Mr. Thackeray, a Grapho-Analytical Psychologist, explained grapho-analysis, the science and art of ascertaining thought habits and character traits of

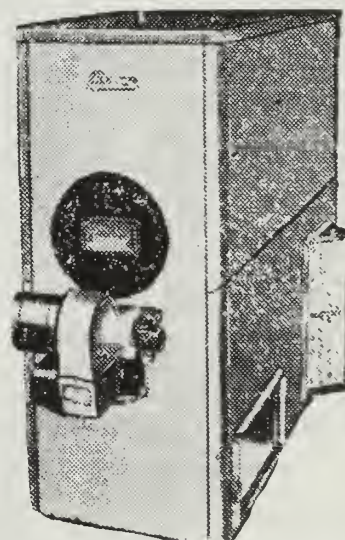

an individual from specimens of his handwriting.

Mr. Thackeray uses grapho-analysis in marriage counseling, personnel work and in court. Following his talk he analyzed the handwritings of several members of the audience.

Hint to a proud grandfather: one of the nicest presents you can give a newborn baby is a savings account in this bank. Children soon outgrow silver cups and hand-knit booties, but money in a savings account here keeps on growing — earning regular, generous dividends. As the youngster grows up and starts earning his own money, he will recognize the importance of regular savings — the first step to financial independence.

On December 10, 1802, the New Bedford Columbian Courier reprinted from the New York Morning Chronicle dispatches with the news:

"British ship Richard, Captain Perrin, from London, November 29, in lat. 36.50, long. 64, saw a vessel to the S W which appeared to be in distress, bore down to her, and at 10

o'clock A.M. hove to, hoisted out a yawl and sent an officer on board, who returned with the mate, Shubael Norton; five seamen, Andrew Southard, Nathaniel Snow, George Barlow, Alvin Phelps, a boy Christopher Konkel of the brig Brutus of Rochester.....Captain of the Brutus, Asaph Price, perished in the wreck. (All were from Mattapoisett.)

The Brutus, a brig of 200 tons, was built in Mattapoisett in 1801, the largest vessel ever built in the shipyards along the Mattapoisett River. On this, her last voyage, the Brutus had sailed from Mattapoisett for Guadeloupe in the West Indies on the 4th November, 1802, with a cargo of lumber, flour, and live-stock. Piecing together the newspaper account with the disposition of the mate we find that the brig immediately ran into stormy weather building to a gale.

"On the 5th, continued course, wind

blowing north, squally with rain. Same night altered course to south, keeping her before the sea, having handed main-top-sail. At 10 carried away fore-lifts and fore-top-sail sheet, hove to under main-stay-sail, still blowing very hard, in the Gulph Stream. At 11 a sea struck her on her larboard quarter, when she immediately upset.

"The Captain was laying in his cabin on the larboard side of the vessel; and from his not being seen afterwards, supposed that the flour which was stowed in the cabin had stopped the passage to the gangway, and prevented his getting upon deck. A boy and an old man, who were also in the cabin, were saved by clinging to the windward side, and were taken out through the scuttle the following day.

"By this time the vessel had filled with water, laying on the larboard side, and her masts in the water upwards of seven hours. The crew cut away the fore shrouds, the masts went by the board and the vessel righted, the gale of wind increasing.

The mate's report goes on: "Waded to the after-hatchway (the only part of the vessel out of water) and got water and provisions, which we hauled to the fore-castle, the sea breaking over us, and in danger of being washed

WILL YOU SHARE YOUR HOME WITH A LONELY CHILD

Mr. James C. Caramello, Child Welfare Supervisor of the New Bedford District Office of the Massachusetts Division of Child Guardianship, announces that October is foster home recruitment month in the Greater New Bedford area.

The recruitment campaign in March was successful and many children have been placed. However, the need for more foster homes is critical. These homes are for babies and children whose parents cannot provide for them with a happy normal family life. In some cases, the parents are not living together or the child may have been mistreated, neglected or even abandoned. Why not open your arms to a child who needs the love, care and attention you can give? Happy home life is essential to the growth and development of any boy or girl.

Mrs. Hester D. Sears, Homefinder, will hold office hours from 9 to 12 M. and 1 to 4 P.M. every Friday in October.

She will be at the New Bedford District Office, 105 William Street, New Bedford, telephone 993-1773, on October 1, 8 and 22. On October 15 and 29 she will be at the Conference Room, first floor, Wareham Town Hall, Wareham, telephone 295-1563.

OLD ROCHESTER WINNER

The Old Rochester Bulldogs downed Case High of Swansea 26 to 0 in the opening game of the 1965 season. The game was played in Swansea. This Saturday, October 2nd, Old Rochester will play host to Dighton-Rehoboth.

(With the authority of the Leen-look, you can convince her that going out...is out.)

Slide into a pair of Lee Leens. Take along your banjo. You'll have a captive audience when she sees you in those low-riding, hip-hugging Leens. (They really do something for your shoulders.) Those arrow-narrow legs give you dash she never suspected, and those gitalong pockets show you're a stickler for detail. Great way to date, no pain in the wallet. But, you need the authority of Lee Leens to get away with it. Shown, Lee Leens in Lastic Stretch Denim, a blend of 75% cotton and 25% nylon. Sanforized. In Wheat, Faded Blue, Loden and Blue Denim. \$6.98. Other Leens from \$4.98 to \$6.98.
